

FOAMSHEEN

FOAMING ACID CLEANER AND BRIGHTENER

DESCRIPTION

FOAMSHEEN Foaming Acid Cleaner, brightener and de-scaler is a viscous high foaming phosphoric acid and detergent complex with oil emulsifying agents that remove oily soils off of the surface. Product can be foamed or sprayed on surfaces in applications for the food processing, dairy, beverage and general industry.

SPECIFICATIONS

pH 1% soln. 1.5-2.5
Form..... Viscous Liquid
Foam..... Moderate to high
Effect on metals..... Safe on stainless at use dilutions

DIRECTIONS

For Foam Cleaning: Contact time and dilution rate depending on scale buildup and content. Dilutions of (4-20) ounces can be used to foam any surface. Rinse with water.

For Soak or Spray: Use (1/4) ounce and up to (12) ounces per gallon of water, depending on buildup. Always follow with a water rinse.

For best results consult you Unicore representative.

DO NOT MIX WITH CHLORINE OR CHLORINATED PRODUCTS. WILL RELEASE TOXIC FUMES.

FIRST AID

DANGER: CONTAINS PHOSPHORIC ACID, METHANE SULPHONIC ACID.
